**T. J. Parle, William Blatter, Frank Scull Plead Not Guilty—Trials Set For Thursday and Friday.**

Because David Ferris was arrested last night for being drunk and disturbing the peace, three Maryville men, T. J. Parle, William Blatter and Frank Scull, and Edgar Orr of Lennox, Ia.,

Ferris is an habitual drunkard and has been barred from the saloons here for some time. Consequently, when he was arrested in a drunken condition

the city authorities immediately began an investigation to find out where he obtained his liquor. In his trial in police court this morning he said that Edgar Orr and Frank Scull had given him whisky. He also signed a complaint against T. J. Parle and William Blatter, saying that he had obtained liquor at their drug store. Ferris was

Both Orr and Scull were arrested this morning charged with giving liquor to an habitual drunkard. Orr, who said he is from Lennox, pleaded he could not pay and was fined \$10 and costs. Orr was to work on the street from 5 a. m. to 9 o'clock tomorrow morning.

Mr. Parle and Mr. Blatter were notified this morning of the charge against them and ordered to appear in police court this afternoon to answer it. They went before Mayor Wright at 3 o'clock and pleaded not guilty. Mr. Parle's trial was set for 9 o'clock Friday morning, and Mr. Blatter's for 1 o'clock that same day.

The city authorities are taking active measures to see that no person who is barred from the saloons is able

to obtain liquor. Until recently they have been hampered in this because of a defect in the law covering the of-

defense, but at the last council meeting, July 3, a new ordinance was passed remedying this. This new ordinance, which is in accordance with the state law, makes it a misdemeanor for any

person to buy for, sell to or procure liquor for any person who is drunk or who is an habitual drunkard. Under the old ordinance such an act did not become a misdemeanor unless the person committing the offense knowingly did so. Now it makes no differ-

This new ordinance makes it possible to convict persons who formerly evaded the law on technicalities.

### Trust Program Strikes More Snags.

Washington, July 15.—The administration's anti-trust program has struck some more snags. Absenteeism is one of the causes of delay, differences between Democrats as to important points, both in the Clayton bill pending before the judiciary committee and the measure to regulate securities of common carriers before the interstate commerce commission, is another, and a desire on the part of many senators to have all the pending bills concluded in one measure is a third cause.

Miss Jennie Vardie of Clyde came to Maryville Monday to spend the week as the guest of Miss Anna Dougan.

## 31 HORSE RACES

J. M. STEVENS COMPLETES SPEED PROGRAM FOR FAIR.

## AMOUNT PURSES \$4,500

One Day Will Be Given to Automobile and Motorcycle Races—May Get Barney Oldfield.

J. M. Stevens, manager of the Nodaway County Fair and Agricultural association, has just completed the program of the speed events for the five days of racing, September 1 to 5. In all thirty-one horse races will be run, and the fourth day is to be given over completely to automobile and motorcycle races. The purses for the horse races amount to \$4,500. The largest one is a \$500 purse given for the Maryville derby, a one-mile running race.

Most of the purses run from \$125 to \$300 in size, and Mr. Stevens said this morning that he believed in giving large purses. The better class of horses entered and the greater interest aroused by the large purses more than repaid the cost and made the races better. Mr. Stevens is personally acquainted with many stable owners throughout the west, and through personal letters to them and advertisements in the trade journals he expects to get many fine horses entered for the races here.

Mr. Stevens has a letter from Barney Oldfield, who has given exhibition races in several other fairs for him, saying that he had an open date September 4 and would come here if the arrangements could be made. Mr. Stevens wrote him at once to come, and although he has not received a reply, thinks the famous racer will accept.

The premium lists for the horse show, sheep, cattle, hog, poultry and agricultural exhibits have not been completed. It is a big task and the members of the fair association are taking time with this part of the work to make it the predominant feature of the fair.

Mr. Stevens goes to St. Louis Friday to see about the lithographic work for billing the fair over this section of the state.

The program of the races is:  
**First Day—Tuesday, Sept. 1.**  
2:30 trot, purse, \$400.

## DOG CATCHER IS AFTER OWNERS.

Enumerator Intends to Sue Delinquent Taxpayers Rather Than Kill the Dogs.

Yesterday the extended time limit for paying dog taxes ended, and there are still 150 dogs whose licenses have not been paid. Harold Selecman, enumerator, said this morning that he was going to get after the owners of these dogs at once, and in a new way. Formerly if taxes were not paid the dogs were killed, but Mr. Selecman thinks too many persons don't care enough about their dogs, or can get new ones too easily to make that method effective. He intends to use the other right which the city ordinances give him, and that is to sue the owners. The legal fine limits that may be assessed for failure to pay dog tax are \$5 and \$20.

## DO NOT OVER-PASTURE.

From Now On is the Critical Time For the Pasture.

The two months, July and August, are the trying period for pastures. In nine years out of ten, some portion of the country, at least, suffers during mid-summer from drying out of the pastures.

Not only do the cattle thereon stop gaining because of this shortening of their food supply, but enforced shipment to market of large numbers of these cattle results, much to the detriment financially to the owner.

In many cases this loss could have been averted. It is well known that as cattle are very fond of the new grass furnished by the May and June pasturage and, if the acreage is over-pastured during these months, so that the young grass is too closely cropped dry weather resistance is reduced to a minimum for the trying months later on. It is certainly neither good business policy from any point of view to take the long chance on so important a matter at a time it is needed most by stretching the capacity of the grass during the early months of its growth.

## CRIME AND THE GRADE SCHOOL.

The Rev. Mr. Fredenhagen Tells Normal Students of Teacher's Power to Prevent Wrong.

"Incipient crime lies in the grade school of today," said the Rev. Edward Fredenhagen in a talk to the Normal school students this morning.

Mr. Fredenhagen says that, except in a very few cases, his work does not recognize a criminal class. Society may be divided into two great classes, the normal and the non-normal. In the normal class the lack of the proper home and school training is due in a large measure to the boys and girls in the reformatories. In the prisons a large per cent of the men are those who, in the words of one criminal who was sentenced to hang for murder, said, "Haint ever had no chance."

The problem, then, of the Society of the Friendless is to so work over the present legislative system that it will be remedial instead of punitive.

Steps are now being taken to divide the inmates of prisons into classes. First, by age limits, and second, by the nature of the offenses committed. Next, these classes are to be given instruction in the common branches of education, in order that they may know what to do and why they do it, and second, to give them a knowledge of the saving power of Jesus Christ.

The Rev. Mr. Fredenhagen stressed the point that outside of the home the teacher has the greatest possibilities in the prevention of crime through the socialization of the pupil in the elementary grades.

## FATHER SAID NO

J. C. DAWSON DIDN'T WANT TO HONOR SON'S CHECK.

## BUT CAR NEEDED FIXING

Duane, Who Left Home With Automobile, Had to Return to Grant City.

Duane, Duane Dawson is a name that goes well with a six-cylinder car. In fact, the two go together so well that Monday morning Duane Dawson of Grant City, Mo., took the six-cylinder car from the garage and without saying anything to his father or mother, started away on a trip.

The big car slipped rapidly down the hills upon which his home town is built, crossed one valley, raced over the ridge east of Maryville and into this city. By that time the car needed some repairs, so Duane drove it into a garage and told the men to fix it up.

Tuesday came; the car was fixed, and Duane was ready to go on his way, but he did not have enough money to pay the repair bill. However, that did not bother him, for a check is a thing very easily written and cashed. So Duane went to one of the Maryville banks, wrote a check for \$10 and presented it at the cashier's window.

"I don't know you, and I can't cash this check unless you can be identified," the banker said.

The young man then explained that he was Duane Dawson, the son of John C. Dawson of the Citizens bank of Grant City, and that the check was perfectly good. He offered to pay for a telephone call to Grant City to identify himself and certify the check.

"Yes, Duane Dawson is my son, but don't honor his check," was the reply that came over the wire from John C. Dawson. He said that the boy had left home without their knowledge and that until then they had heard nothing of him. The Maryville banker explained that the money was needed to pay for repairs on the car, so the father at last told him to cash the check, pay the garage \$8, give the boy \$2 and send him home.

Duane was still in Maryville this morning, but had promised that he would leave for Grant City at once.

## DAVIS WITHDRAWS

DEMOCRATIC CANDIDATE FOR JUDGESHIP OUT OF RACE.

## FARNAN IS UNOPPOSED

Primary Election Campaigning Grows Warm—Republicans and Progressives Shift Attention.

The withdrawal today of Dwight Davis from the race for judge of the south district on the Democratic ticket leaves a clear field for Matt Farnan of Jefferson township for that position. Mr. Davis has filed his notice of withdrawal with County Clerk George Demott.

The primary election is a little less than a month off, and the various candidates are busy presenting their claims to the voters. The general opinion is that there will be several close contests in the primary.

The race for prosecuting attorney on the Democratic ticket seems to be anybody's, and the three candidates, William G. Sawyers, Ellis G. Cook and Charles F. McCaffrey, are making active campaigns. On the Republican ticket there are two candidates, W. H. Crawford and P. L. Gowney, but neither one of them is doing very much campaigning.

The race for recorder on the Democratic ticket is attracting much attention, and several of the county politicians are predicting that the Skidmore editor, Alex. Fraser, is a good campaigner, and there may be some surprises in this race.

For county clerk, with Fred J. Yeomans, Prof. B. F. Duncan and Frank Bolin as Democratic candidates, it is hard to forecast who will be elected. Some are predicting Mr. Yeoman's election, while there are others just as positive that Mr. Duncan will win. Frank Bolin also has many warm supporters who are predicting his election.

The Democratic nomination for presiding judge seems to be a hotly contested race. The candidates are John Gex of Hughes township, W. M. Blackford of Atchison and Sam H. Williams of Nodaway.

Jesse F. Robertson and S. E. Browne are the candidates for the Democratic nomination for probate judge, and they are making active campaigns.

Then for circuit clerk, Luke Colvin and Henry Westfall for the Democratic nomination are out seeing the voters, and many are of the opinion it will be a very close contest.

Arthur S. Robey for representative, Matt Farnan for judge of the county court from the south district, John Campbell as judge of the county court from the north district have no opposition.

In Republican circles not much interest is being taken in the coming primary election. There is only one contest, but the members of that party or at least the leaders, are not very hopeful over prospects.

The Progressive party is not expected to poll much of a vote at the primary election, but it is going to make an active campaign before the general election.

## BEANS FOR BREAKFAST, BEANS—

Company F Boys Having Good Time, But Think They Will Be Ready to Come Home.

A letter to The Democrat-Forum from the boys of Company F, who are in camp at Nevada, Mo., reads like one of Richard Harding Davis' dispatches telling of the embarkation of American soldiers for Vera Cruz. Time and again the letter refers to the weeping wives and sweethearts who were left behind at the station last Saturday, and the boys are longing for home and a change from a diet of beans. If Maryville would hold her homecoming next Sunday she would be sure of forty-one returning citizens, mighty glad to see her.

However, that part of the letter is contradicted by the rest of it, which tells of the interest that is being taken in the camp, the glory of victory in ball games and the new tasks that each day brings. Teddy Borchers, company mascot, has been promoted to Sergeant Killen All.

## California Guests Leave.

Mrs. H. Larue and son, Mervin, of Cypress, Cal., who have been the guests of Mr. and Mrs. J. E. Melvin, left Tuesday for their home.

## BIG CROWD AT SKIDMORE.

Chautauqua Fine and Lovely, With Big Crowd and Fine Program.

Wednesday, the fourth day of the Skidmore Chautauqua, brought out one of the biggest crowds of the week. It was musical day, and the program, afternoon and evening, was furnished by the Chicago Ladies orchestra and company of entertainers. In addition to this, there is a children's hour at each entertainment of the week, which is given under the direction of Miss Reed of Chicago. Miss Reed is a kindergarten teacher and her part of the Chautauqua has been one of its best features. The management is highly gratified with the success of the week and the big crowds which have attended daily.

## 248 TEACHERS IN COUNTY.

Report of County Clerk Demott Gives That Number—21 Rural Schools For State Aid.

The report of County Clerk George Demott for the state superintendent of schools at Jefferson City shows that there were 248 teachers in the county the past year and that the total number of days' attendance by all pupils of the county were 793,905. The number of teachers employed having average of 12, and the number of 15 pupils were principals and supervisors employed having average daily attendance of more than 15 were 173, and the number of teachers, principals and superintendents receiving more than \$1,000 salary were 3.

Twenty-one rural schools have applied for state aid as compared to fourteen last year. The amount requested is \$1,839.63, and last year the fourteen schools received \$1,120.71. There are also six high schools over the county that applied for the state aid, asking for \$3,580.50, as compared to five high schools that received \$2,740 the last year.

## STOP THE LITTLE DITCHES.

A Farm Professor Says a Dam of Stones is the Best.

The little ditches and gullies that form on rolling farms grow rapidly if neglected, and deep channels with steep sides result. By stopping the flow of the water in these small streamlets with such material as straw, brush and stones, they can be made gradually to fill themselves. Such obstructions cause the soil to be deposited and the ditch will be filled up back of the barrier. If measures are not taken to prevent the small depressions on a slope from growing, they rapidly enlarge in three directions, becoming deeper, wider and longer.

"The best way to stop up small ditches and make them fill up is to make a dam of stones," says R. I. Throckmorton, assistant professor in soils at the Kansas State Agricultural college. "Stones are about the best material for this purpose, because they collect the sediment and at the same time let the water drain through and a water hole is not formed."

"When a ditch is very shallow, only a few inches deep, a board held in place with stakes is often sufficient to stop further erosion. Straw is also very good for these shallow ditches. It is very effective in catching the soil, but is sometimes washed out by a hard rain. Cornstalks are even better than straw. Brush can be used, too, but is hardly dense enough when used alone. Straw and brush together are better than either alone. If cement dams are built, some way must be provided for the water to get through, or else a pond will be formed. Cement dams are really not worth the extra cost."

## Visiting Purcell Family.

Mrs. H. W. Gibb left this morning for her home in Dallas, Texas, after a two days' visit at the home of Harry Allen.

J. W. Rodman, treasurer of the Skidmore school district, was in the city Tuesday on business with County Clerk George W. Demott.

Frank Owens, who has been visiting in Platte county for the past several months, was a city visitor Wednesday.

## 3 LIQUOR CASES

FOUR MEN ACCUSED OF GIVING IN-TOXICANTS TO DRUNKARD.

## DRUGGISTS IMPLICATED

T. J. Parle, William Blatter, Frank Scull Plead Not Guilty—Trials Set For Thursday and Friday.

Because David Ferris was arrested last night for being drunk and disturbing the peace, three Maryville men, T. J. Parle, William Blatter and Frank Scull, and Edgar Orr of Lennox, Ia., must answer to a charge of giving liquor to a man who is barred from the saloons.

Ferris is an habitual drunkard and has been barred from the saloons here for some time. Consequently, when he was arrested in a drunken condition the city authorities immediately began an investigation to find out where he obtained his liquor. In his trial in police court this morning he said that Edgar Orr and Frank Scull had given him whisky. He also signed a complaint against T. J. Parle and William Blatter, saying that he had obtained liquor at their drug store. Ferris was fined \$10 and costs on each charge, making his total fine \$32.20.

Both Orr and Scull were arrested this morning charged with giving liquor to an habitual drunkard. Orr, who said he is from Lennox, pleaded not guilty and was fined \$10 and costs. He was to work on the streets. Scull pleaded not guilty, and his trial was set for 9 o'clock tomorrow morning.

Mr. Parle and Mr. Blatter were notified this morning of the charge against them and ordered to appear in police court this afternoon to answer it. They went before Mayor Wright at 3 o'clock and pleaded not guilty. Mr. Parle's trial was set for 9 o'clock Friday morning, and Mr. Blatter's for 1 o'clock that same day.

The city authorities are taking active measures to see that no person who is barred from the saloons is able to obtain liquor. Until recently they have been hampered in this because of a defect in the law covering the offense, but at the last council meeting, July 3, a new ordinance was passed remedying this. This new ordinance, which is in accordance with the state law, makes it a misdemeanor for any person to buy for, sell to or procure liquor for any person who is drunk or who is an habitual drunkard. Under the old ordinance such an act did not become a misdemeanor unless the person committing the offense knowingly did so. Now it makes no difference whether the offender knows or not that the person is drunk or is an habitual drunkard.

This new ordinance makes it possible to convict persons who formerly evaded the law on technicalities.

## BENJAMIN HEADS THE ELKS

Denver, July 15.—Raymond Benjamin of Napa, Cal., was elected grand exalted ruler of the Benevolent and Protective Order of Elks by acclamation. Other officers elected are: Grand loyal knight, E. M. Dickerman, Tucson, Ariz.; grand lecturing knight, W. F. Schad, Milwaukee; grand secretary, Frederick C. Robinson, Dubuque, Ia.; grand treasurer, Charles A. White, Chicago; grand inner guard, Thomas C. Donohue, New London, Conn.; grand trustee, Calvin Kingsley, Waterloo, Ia.; grand esteemed leading knight, L. R. Maxwell, Marshalltown, Ia. Los Angeles was selected as the convention city for the 1915 reunion. The annual report of Grand Secretary Frederick C. Robinson submitted to the grand lodge showed that eleven new lodges had been instituted in the last year; that the membership totaled 428,479, a net increase in twelve months of 26,352, and that the net assets of the subordinate lodges aggregated \$22,463,805.

### Trust Program Strikes More Snags.

Washington, July 15.—The administration's anti-trust program has struck some more snags. Absenteeism is one of the causes of delay, differences between Democrats as to important points, both in the Clayton bill pending before the judiciary committee and the measure to regulate securities of common carriers before the interstate commerce commission, is another, and a desire on the part of many senators to have all the pending bills concluded in one measure is a third cause.

## Will You SUCCEED or FAIL?

"YOUTH A MISTAKE; MANHOOD A STRUGGLE; OLD AGE A REGRET."

How many lives can be summed up in those ten words? How many failures can be traced to the mistakes of those who neglected to save money in youth to meet the added responsibilities of manhood and the burdens of old age.

Begin saving right now. Place yourself beyond the reach of the fearful uncertainties that menace the future of the thriftless.

We ask you to call and let us show you how easy it is to start a bank account.
